What is Blackboard 9?

- Blackboard 9 (Bb9) is the University's new online learning system.
- An online learning system allows every course unit to have an online space for e.g. course material.
- You can communicate and collaborate with your lecturer and other students using a variety of online tools such as discussion boards and wikis.
- You can submit coursework and monitor your progress.
How to access Blackboard 9
From **StudentNet** ([www.studentnet.manchester.ac.uk](http://www.studentnet.manchester.ac.uk)), click on **My Studies** to access the **Student Portal**.
Enter your username and password
• If you don’t have your username or password, click on **Your IT Accounts and Online Identity**
• Click on the name to enter the course
• Your Blackboard 9 course will look similar to the screenshot below:
Lecture notes can be found in **Course Content** (The first page you see when you login)
How to complete quizzes and submit coursework
Coursework submission and quizzes can usually be found in **Assessment**
• To take a quiz, click on the name
• Read the instructions, then click on any of the Begin buttons
• Fill in your answers to each of the questions
• Make sure your answers are saved
• Click on the **Save and Submit** button once you have completed the quiz.
• Click **OK** to confirm your submission
If the quiz is set to mark automatically, clicking on **OK** will bring up your grade and feedback.
If the quiz is set to mark automatically, clicking on **OK** will bring up your grade and feedback.
• You can also see your grades in **My Grades**
To submit coursework, click on the name "Example assignment".
• Read the instructions at the top. In most cases, you will need to click the **Browse My Computer** button to submit your coursework.
• Scroll down and review the Attached Files.
- Click on the **Submit** button afterwards
• Review the **Submission History**, then click **OK**
Need more help?
• If you need further help, click on eLearning Support or contact your course instructor.
